

A user watched a 2020 presidential election TV programme.

He wants to know more.

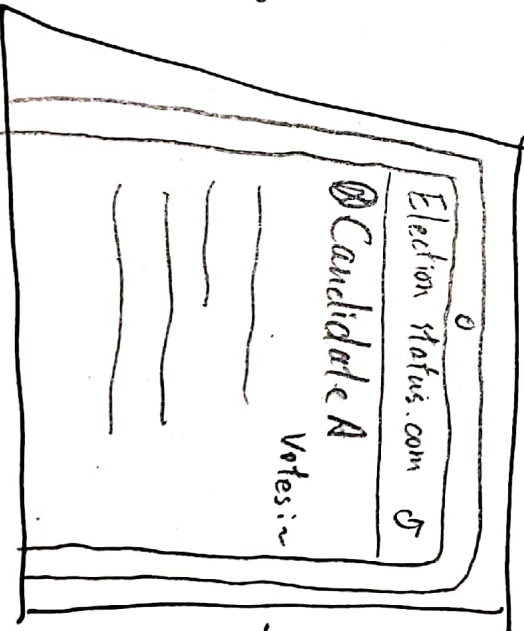

He searched on google.

He clicked on Election status.com link

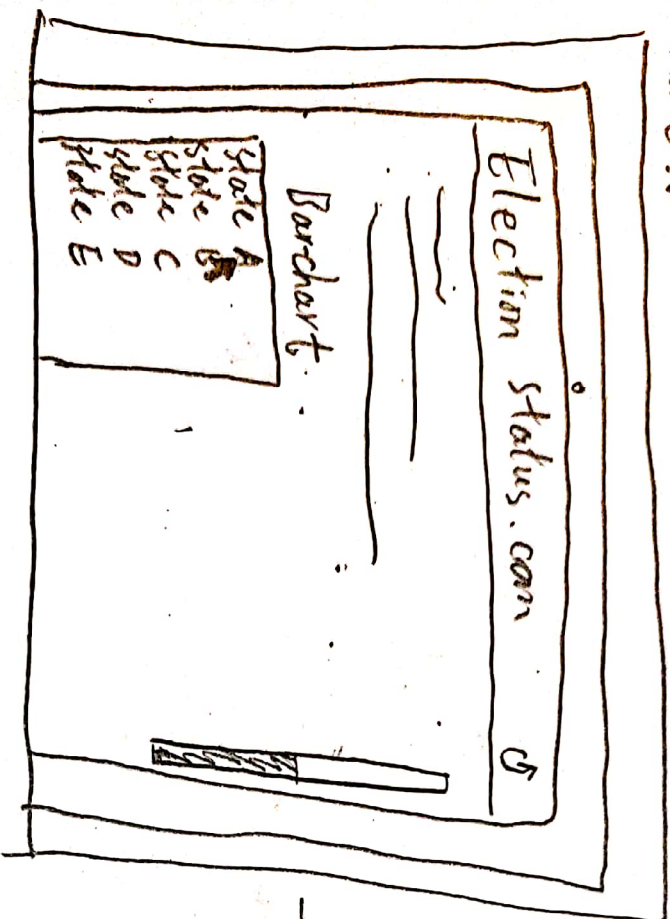

Then, Election status.com displayed the current status about 2020 Election status

But the user wanted to know how his favorite candidate A doing in state A

He then scrolled down the page and found a link to bar-chart graph about state A

Election Status.com displayed the bar-chart.
